

Method Statement for Beat the Buzzer

This method statement is in three phases – Before event – Operation and Conclusion.

Before the event:

1. Fun Pro UK employee to ensure out first works on the vehicle as per the drivers weekly time sheet.
2. Check that the Beat the Buzzer is serviceable, and clean.
3. Familiarise self with Risk Assessment.
4. Ensure PPE and lifting equipment safety equipment is present, serviceable and used as per manufacturers instructors. Fun Pro UK employee will be wearing branded uniform with the company logo for the duration of the hire period whilst on site.
5. Fun Pro UK will ensure employees understand their roles and responsibilities.
6. Fun Pro UK will ensure employees are briefed accordingly with details specific to venue, including site H&S procedures and any need for site inductions, time parameters for ingress and egress. Fun Pro UK liaise with client on-site contacts for specific details.
7. Client to provide Fun Pro UK with a point of contact for the client that employee can liaise directly with during the duration of the contracted hire agreement.
8. Client, in order to allow Fun Pro UK to identify a safe access to site are to inform Fun Pro UK of site-specific ingress/egress restrictions, including lift use/height & width restrictions/stairs/ramps/access passes. No power source is required on site for Beat the Buzzer, as it is powered by a 9 volt battery, provided by Fun Pro UK.
9. Client to confirm ahead of arrival that appropriate location has been identified to position the Beat the Buzzer. The Beat the Buzzer is to be operated on a firm and stable surface, ie table. (it is not a floor game) a flat and smooth surface is preferred for optimum performance of the Beat the Buzzer. Beat the Buzzer size is 0.6m x 0.6m x 0.6m. A minimum door width of 0.6m.
10. Employee to inform client of any delays on the time parameters once known, and once on site to inform client and follow direction provided by client.
11. Employee to sign in with site and follow procedures. Site may require form of ID and take photograph. Any ID issued is to be displayed/worn as directed.
12. Employee to follow any traffic marshal directions, ensure vehicle is left in safe place and safe environment before any manoeuvres are undertaken, utilising reversing camera (where fitted) / hazard warning lights/co-driver or traffic marshals. Once vehicle is unloaded, vehicle to be parked up as per the site directions.
13. Employee to know height of vehicle and any height restrictions in place on site.
14. On arrival employee to liaise with client to confirm location for Beat the Buzzer being set up and ensure suitable for the Beat the Buzzer.
15. Employee to use manual handling techniques and appropriate PPE when removing the Beat the Buzzer from the vehicle.
16. Whilst employees are setting up Beat the Buzzer they are to be afforded a safe working environment free of any footfall, to minimise any potential injuries/H&S issues/damage.
17. Once Beat the Buzzer is built, employee to inspect the Beat the Buzzer in situ, and then operate the Beat the Buzzer to ensure fully operational and conduct a demonstration with the client and brief accordingly on the safe use of the Beat the Buzzer. Client to confirm with employee they understand the safe operation and are confident to operate the Beat the Buzzer.
18. All paraphernalia associate with the Beat the Buzzer build/carry/PPE to be removed from site and returned to the vehicle, or alternative storage area mutually agreed by Fun Pro UK and client. Employee to inform Fun Pro UK of exact storage location and contact who will be able give access on collection.

19. Employee to familiarise themselves with emergency exits, welfare facilities, first aid kits, site specific safety procedures etc.

Operation:

1. During operation of the Beat the Buzzer, whether that be a designated operator specified by the client or Fun Pro UK employee will:
 - a. Direct NO eating / drinking / smoking / e-cigarettes is allowed whilst playing the Beat the Buzzer
 - b. Nothing is to be leant against the Beat the Buzzer.
2. The equipment must be used as directed by the Fun Pro UK employee during the demonstration, this being the manufacturer's guidelines.
3. An operating area for users is a space of 2.6 x 2m x 2.2m.
4. As per the clients instructions, either clients designated operator(s) or Fun Pro UK employee to manage the Beat the Buzzer at all times to ensure safe operation of the Beat the Buzzer, if the designated person / employee deems unsafe use or risk of harm to user or others, they have the responsibility to stop play of the Beat the Buzzer. Beat the Buzzer requires hand/eye co-ordination, if it is the designated operators opinion that a user is under the influence of alcohol / drugs and potential to present a risk to themselves or any other person, or damage equipment the client will have authority to stop the Beat the Buzzer game until the risk is removed.

Conclusion:

1. The client will confirm with Fun Pro UK employee when egress can commence, and within the user agreement parameters.
2. Fun Pro UK employee to check Beat the Buzzer for any damage, any damage identified to be highlighted to the client and photographed/recorded prior to leaving site. Beat the Buzzer box marked up accordingly as damaged, and Fun Pro UK admin team to be informed asap. Beat the Buzzer to be cleaned prior to dismantling.
3. Fun Pro UK employee to ensure safe working environment to dismantle Beat the Buzzer. Appropriate PPE and use of manual handling procedures to be used.
4. Fun Pro UK employee to return Beat the Buzzer and any associated paraphernalia to vehicle in a safe manner and as per site specific processes and procedures.
5. Fun Pro UK to ensure that the operating area is clear, with no Fun Pro UK equipment left in situ.
6. Fun Pro UK employee will acknowledge client prior to leaving site.
7. Fun Pro UK employee to report any damage/near misses/injuries at conclusion of working shift.
